

Open call for applications for Chair or two Co-Chairs of the IMBeR Scientific Steering Committee

Integrated Marine Biosphere Research (IMBeR, www.imber.info) seeks applications either from one person for the role of Chair or from two people willing to act as Co-Chairs of its international Scientific Steering Committee (SSC) for a three-year term from 1st January 2022.

The SSC Chair or Co-Chairs will be responsible for the overarching leadership and future scientific direction of IMBeR including the successful completion of the scientific and capacity building objectives in the [IMBeR Science Plan and Implementation Strategy 2016-2025](#), and the appropriate positioning of the IMBeR community to take advantage of future funding and scientific opportunities after 2025. Considering the current funding landscape, the new IMBeR Chair would have expertise in natural sciences such as marine ecology or biogeochemistry, whereas the joint expertise of the Co-Chairs could span these natural sciences and a social / interdisciplinary science. More information on the role of the Chair or Co-Chairs of the SSC is available [here](#).

The position(s) requires scientific excellence, and a high level of commitment to IMBeR's goals. To apply, please send a brief curriculum vitae and a personal statement to the IMBeR Director, [Dr. John Claydon](#) by Wednesday 1st December 2021. Co-Chair applications can be submitted by individuals interested in being

considered as a potential Co-Chair, or a joint application by a potential Co-Chair team.

If you have any questions or wish to know more about the position, the current SSC Chair and Chair of the Appointments Committee, **Prof. Carol Robinson**, will be happy to help.
