

## **MolBIO seminars**

Fall 2023

**Time:** Tuesday from 09.15 am to 10.00 am

**Place:** Seminar room "Incubator" (BioBlokk, 4<sup>th</sup> floor, **439C1**)

### **19. September- Renate Skoge ( VIS Innovation)**

Title: "*From bench to product - how VIS can help create impact and realize research ideas* "

"At VIS, we guide UiB scientists and students through the process of transforming basic research results into usable products for society. The seminar is for anyone interested in hearing more about how VIS works, research-based innovation, and funding opportunities for commercialization projects."

*Chairperson:* Gyri Teien Haugland

**26. September** – Emily Locke (*Erasmus student, Sushma Grellscheid group*)

**03. October** - Markus Miettinen (*Associate Professor, Department of Chemistry*)

**17. October** – Meghan Yap-Chiongco (*Guest researcher, Andreas Hejnl Group, MolBio*)

**31. October** – Katharina Stracke (*Postdoc, Andreas Hejnl Group, MolBio*)

**7. November - Evgeny Onishchenko** (*Associate Professor, MolBio*)

**28. November: Shreesha Sadashiva Rao** (*Postdoc, Gyri Teien Haugland Group, MolBio*)

**05. December – Stefan Thiele** (*Postdoc, Marine microbiology*)
