

Welcome to the 2023 autumn semester. We hope you have enjoyed the summer!

When we talk about career, what are we talking about then? In September, you can attend the first ever UiB Career Days. We ask researchers, managers, and editors how they understand the term and how they assess skills and competence. The aim is to create debate and reflection, but also to provide space for networking and new ideas.

30 år

The Research Council of Norway: [New guidelines on responsible international cooperation in research and education](#)
(Norwegian text only)

Individual Career Guidance

The career center has available capacity for individual career guidance. The service is for all younger researchers at UiB. A career conversation can be about a specific career challenge, or more loosely formulated about analysing opportunities and limitations.
