

# CALL FOR APPLICATIONS

## ÅSGARD HORIZON 2026

The French Institute in Norway invites researchers in France and Norway to apply for the Åsgard Horizon 2026 program!

Åsgard Horizon supports scientific conferences, workshops and expert meetings between researchers in both countries.

The program aims to develop ambitious research networks and coordinate large-scale international projects.

Funding is available for projects focused on building long-term scientific cooperation and preparing European collaborative initiatives.

Priority is given to projects aligned with French-Norwegian cooperation and the EU Horizon Europe framework.

Organized by the French Institute in Norway, the Research Council of Norway, the French Ministry for Europe and Foreign Affairs (MEAE) and the French Ministry of Higher Education and Research (MESR).

For more information and to apply, visit: [www.france.no](http://www.france.no).

**APPLY BY SEPTEMBER 24, 2025**
