

You are invited to a Hands-On Demonstration

ZEISS LSM 910 Confocal Microscope System with Lightfield 4D

You are invited to an exclusive opportunity to enhance your knowledge and skills with the ZEISS LSM 910 confocal microscope system featuring Lightfield 4D. This hands-on demonstration is designed to provide you with practical insights that you can apply in your daily work.

Event Highlights:

- Experience the Power of Lightfield 4D: Discover how this innovative technology allows for simultaneous imaging of multiple dimensions, enhancing your research capabilities.
- Advanced Imaging Techniques: Learn about the latest advancements in confocal microscopy that can improve your imaging quality and data acquisition.
- Interactive Sessions: Engage in hands-on demonstrations and discussions with experts to deepen your understanding of the system's functionalities.

Seminar: Presentation of LSM 910 and the new Lightfield 4D technology.

Friday 6 March, 13.00 - 14.00.

Location: University of Bergen, Thormøhlens gate 53B, 1. floor, room K3/K4.

Demo sessions:

Monday 16 March 13:00 - 16:00

Tuesday 17 March, 9:00 - 12:00 + 13:00 - 16:00

Wednesday 18 March, 9:00 - 12:00 + 13:00 - 16:00

Thursday 19 March, 9:00 - 12:00

Location: University of Bergen, Thormøhlens gate 53A, 2. floor.

Experience the ZEISS LSM 910 confocal microscope system featuring Lightfield 4D in action during our exclusive demo sessions. Tailored to offer a firsthand look at its capabilities.

Make sure to join already today!

Kindly send an email to agneta.eriksson@zeiss.com with the following information:

- Name, email and institute / company
- Indicate your preferred time slots for the demo sessions.
- Whether you will be attending the seminar on 6 March or not.
While participation in the presentation before the demo sessions is not required, it is highly recommended to enrich your understanding and experience with ZEISS LSM 910.
- Indicate if you bring your own samples (alive or fixed), the fluorophores you are using and the sample carrier.
