Opprykk til professor - oppnevning av sakkyndig komité innenfor fagområdet allmenn lingvistikk – søker Vadim Kimmelman

Dokumenter

1. Forslag til sakkyndig komité fra Institutt for lingvistiske, litterære og estetiske studier
2. Habilitetserklæring fra Josep Quer Villanueva

Bakgrunn

Det humanistiske fakultet har mottatt søknad om opprykk til professor fra førsteamanuensis Vadim Kimmelman innenfor fagområdet allmenn lingvistikk med spesialisering i tegnspråklingvistikk.

Institutt for lingvistiske, litterære og estetiske studier har sendt følgende forslag til sakkyndig komité (vedlegg 1):

- Professor Arnfinn Muruvik Vonen, OsloMet
- Professor Wendy Sandler, University of Haifa
- Professor Josep Quer Villanueva, Universitat Pompeu Fabra

Professor Arnfinn Muruvik Vonen er foreslått som leder av komiteen. Vonen og Sandler leverte habilitetserklæringer uten merknader. Villanueva vurderer selv at han er habil, men opplyser at han og Kimmelman har samforfattet et introduksjonskapittel til en håndbok (vedlegg 1 og 2). Det er fakultetets vurdering at Villanueva ikke er inhabil til å vurdere Kimmelmans søknad om opprykk.

Forslag til vedtak:

Det humanistiske fakultet oppnevner følgende sakkyndige komité for å vurdere søkeren Vadim Kimmelman innenfor fagområdet allmenn lingvistikk med spesialisering i tegnspråklingvistikk:

- Professor Arnfinn Muruvik Vonen, OsloMet
- Professor Wendy Sandler, University of Haifa
- Professor Josep Quer Villanueva, Universitat Pompeu Fabra

Professor Arnfinn Muruvik Vonen oppnevnes som leder av komiteen.

Anmodning om oppnevning av sakkyndig komite

Vi ber om at fakultetsstyret oppnevner følgende sakkyndige komite for vurdering av Vadim Kimmelmans søknad om personlig opprykk til professor etter kompetanse:

- Professor Arnfinn Muruvik Vonen, OsloMet
E-post: arnfinn.vonen@oslomet.no
- Professor Wendy Sandler, University of Haifa
E-post: wendy.sandler@gmail.com
- Professor Josep Quer Villanueva, Universitat Pompeu Fabra
E-post: josep.quer@upf.edu

Professor Arnfinn Muruvik Vonen er komiteens leder.

Habilitetserklæringer er vedlagt.

Quer anser seg for å være habil, men har meldt om et tilfelle om samarbeid. Det dreier seg om et oversiktskapittel på 16 sider som Quer og Kimmelman skrev sammen til J. Quer, A. Herrmann & R. Pfau (eds.) (2021) *Routledge Handbook of Theoretical and Experimental Sign Language Research*, 423-439. London & New York: Routledge.

Instituttet har vurdert at kapittelet har form av å være en introduksjon eller oversikt mer enn et forskningssamarbeid, og anser Quer til å være habil. Vi ønsker også å understreke at Kimmelmans fagfelt er heller smalt. Instituttet har også vært i dialog med fakultet om denne vurderingen.

Vennlig hilsen

Anders Fagerjord
instituttleder

Declaration of impartiality

Name (use capital letters)... JOSEP QUER.....

Appointment matter... VADIM KIMMELMAN.....

Advancement matter... PROFESSORSHIP.....

PhD.....

The undersigned confirms that (check off):

- I have read the "Regulations on Impartiality and Confidence"
- I cannot see that there are circumstances in this matter that would make me disqualified
- I request the following circumstances to be assessed for potential disqualification

The candidate and myself have co-authored an overview chapter for a handbook which is now in press. I'm co-editor of the handbook, and since both of us had worked on the same topic we, the editors, invited him to write it together with me. We wrote different sections each and agreed on the final version. Beyond this, I haven't had further structural collaboration with him. The field of Formal Sign Linguistics is quite small.

Instructions for completion of the declaration of impartiality

This form shall be completed by anyone who has been appointed as a committee member by the Faculty of Humanities at the University of Bergen in connection with appointment or advancement matters.

Anyone who is to perform work as a committee member shall always assess his/her own impartiality.

- If you find that you are disqualified in relation to one or more of the parties to a matter upon such an assessment, you must notify the institute of this as soon as possible.
- If you are unsure of your own impartiality, you must list the circumstances you are unsure of and request that your impartiality be assessed by the institute.
- If it is concluded that there is no disqualification, but that there are still associations that should be disclosed, or should be assessed by the institute, then this should be entered on the form or on a separate sheet.

About the assessment of impartiality

Committee members are subject to the provisions relating to impartiality in Chapter II of the Public Administration Act. In addition, the faculty has adopted its own regulations on impartiality and confidence, which have been enclosed with this form. These regulations are somewhat stricter than the provisions of the Act on some points.

Disqualification may be automatic because of a special association to a party to a matter, through, for example, a family relationship or being an academic advisor within the past three years. These circumstances have been included in the provisions for automatic disqualification in section 1.

Disqualification may also be based on a discretionary assessment. For such a discretionary assessment, it will be key to decide *whether there are any special circumstances which are apt to impair confidence in his or her impartiality*. Such an assessment will often be much more difficult than an assessment of automatic disqualification. It is therefore important to disclose the circumstances that have been assessed if you have concluded yourself that you are impartial in relation to an appointment or advancement matter.

For discretionary assessment of impartiality (disqualification), reference is made to the provisions on impartiality and confidence in the introduction. Disqualification may occur as a result of:

- Close personal or professional association with one or more of the applicants. This may be a close personal friendship or close professional collaboration, such as project cooperation or co-authorship.
- Possibility that the appointment of a specific applicant, regardless of the applicant's qualifications, would result in a personal or professional gain for a person or someone close to that person.
- Other circumstances that there may be reason to assume are apt to impair confidence in a decision if an individual takes part in the decision.
