Type of organisation: HEI	Size of organisation (if applicable)	<input type="checkbox"/> <250 employees <input type="checkbox"/> ≥250 employees

For guidelines, please look at the end notes on page 3.

Section to be completed BEFORE THE MOBILITY

I. PROPOSED MOBILITY PROGRAMME

Language of training: **English**

Overall objectives of the mobility:

- Creating a forum for the exchange of best practices and experiences among the participants
- advance the cooperation between our universities
- mutual learning to promote professional development of postdocs and doctoral candidates at the highest standard
- know-how transfer on institutional career support for early-stage researchers through designated career centres

Added value of the mobility (in the context of the modernisation and internationalisation strategies of the institutions involved):

Both the Uni Graz PostDoc Office as well as the UiB FERD Career Centre have been established in the last three years and are in a period of impact evaluation and further development, so international exchange is crucial. The visit will allow to learn from institutions that have provided support measures for a longer timeframe, on what to expect, how to maintain the highest quality, how to position the centres within the institutions for sustainable services.

Activities to be carried out (including the virtual component, if applicable):

Preliminary programme:

Monday May 6:

Welcome and information about UiB Ferd
Presentation & discussions: Career learning for PhDs
Lunch
Presentation & discussions: Career support for Postdocs
Summing up day 1

Tuesday May 7:

Participate in Ferd Course: Career Management Skill for Researchers
Lunch
Aarhus University Career Centre (Denmark) - 10 years and beyond
City Walk and Complimentary Dinner

Wednesday May 8:

Visit to Faculty of Medicine Postdoc School
Lunch
Roundtable discussion
Wrapping up

Expected outcomes and impact (e.g. on the professional development of the staff member and on both institutions):

This staff mobility will enhance cooperation between the two universities in the field of researcher- and career development. Sharing experience and discussing common challenges will contribute to widening the perspectives and testing the quality of own practise.
